## **BELL & MCCOY SOUTH TEXAS IS PLEASED TO ANNOUNCE THE PROMOTIONS OF CHRIS TULLOS AND KODY ELLIS:**

### **CHRIS TULLOS – GENERAL MANAGER**

Chris Tullos has been promoted to General Manager of Bell & McCoy South Texas. Chris started with us in August 2005 and has been steadily chasing this opportunity. Chris has a degree from Sam Houston State and we hired him from Howard Industries after working with him and seeing his passion and desire for selling ballasts at that time. That same passion is put into his daily routine and he has done a great job of helping take our South Texas business to new places. Chris started with us in outside sales before becoming Sales Manager. Chris will assume all P&L responsibilities starting 1-1-2016 with a little help from his friends. Chris has proven he is worthy of this opportunity and I look forward to watching him grow within Bell & McCoy Companies.

### **KODY ELLIS – SALES AND OPERATIONS MANAGER**

Kody Ellis has been promoted to Sales and Operations Manager of Bell & McCoy South Texas. Kody started with us right out of Texas A&M in June 2007 with a degree in Meat Science. Kody is an outstanding young man who is mature beyond his years. We plan on Kody proving the great story we tell that you can have only one job all your life. Kody has done many things within our company, from warehouse to inside sales assistant to inside sales to specification sales to inside sales manage, and now to Sales and Operations Manager over all South Texas. Kody will do a great job at helping take us to the next level.

**This is an exciting time at Bell & McCoy Companies and our future success is dependent on having the right leaders in key roles that can help keep us moving forward and building this business. Congratulations to Chris and Kody!**

### **About Bell & McCoy Companies**

Bell & McCoy was established in 1972 and, with over 220 employees, we have become known as one of the largest agencies in the country. We cover the six states of Texas, Oklahoma, Louisiana, Arkansas, Mississippi and Western Tennessee. The manufacturers that we represent are sold through distribution and we are focused on the commercial, residential, industrial and municipality markets. Our time is spent working with distributors, electrical contractors, engineers, architects, lighting designers, general contractors, etc. to educate and influence our products in the market.
